*Dear Organizers of the National Middle School Students English
Composition Competition,*

I'm Li Hua, a senior one student. I'm writing to submit my

Environmental Actions".

In my composition, I share two key actions I took: last semester, I

led my classmates to sort garbage in our community every

weekend, and during the summer vacation, I planted 10 saplings in

the park with my family. I also wrote about how these small acts

made me realize everyone's responsibility to protect the

environment.

I hope my composition meets your requirements. Thank you for

providing this platform to show our ideas. I'm looking forward to

your reply.

Yours sincerely,

Li Hua

I'm Li Hua from Class 2, Grade 1. I'm writing to submit my painting

titled "Future Campus" for your competition, which I spent two

weeks creating.

In my work, you can see a solar-powered teaching building with

large glass windows, a sky garden on the roof where students grow

vegetables, and self-driving shuttle buses that take students

around the campus. All these elements show my vision of an

environmentally friendly and smart campus.

My creation aims to encourage everyone to imagine a better future

for our school. I hope my painting can bring new ideas to the

Dear Organizers of the National Youth Science and Invention Competition,

I'm Li Hua, a senior one student. I'm excited to submit my

invention—the “Smart Water-Saving Flower Pot”—for your

competition, which I designed to solve the problem of over-watering

or under-watering plants.

This pot has a sensor that detects soil moisture: when the soil is dry,

it automatically waters the plant with the stored water; when it's

wet, it stops working. It not only saves water but also helps busy

people take care of plants easily. I've tested it for a month, and it

works perfectly.

I hope my invention can win your recognition. This competition is a

great chance to learn from other young inventors. Thank you for

giving me this opportunity.

Yours faithfully,

Li Hua

Dear Judges of the Campus English Poetry Creation Competition,

I'm writing to submit my English poem "Autumn Memories" for

your competition. As a lover of poetry, I put my feelings about

autumn in our campus into this work.

The poem describes the beautiful autumn scenes in our school:

golden leaves falling from the maple trees, the warm sunset shining

on the playground, and students chatting while walking on the

path covered with leaves. It has 16 lines and follows a simple rhyme

pattern to make it easy to read.

My inspiration came from a walk I took after class last autumn—

those peaceful moments made me want to record them with words.

I hope my poem can let readers feel the beauty of autumn in

campus. Thank you for your time.

Yours sincerely,

Li Hua
